Steam Shower Manual

Model: FJ-344

Important Safety Information

IMPORTANT

The following must be observed for safe and proper installation and operation. Professional installation is recommended; faulty electrical work may increase the risk of fire.

1. Always consult with a physician before using a steam shower.
2. Children should never use steam shower without adult supervision.
3. If you become dizzy, lightheaded or nauseas you should discontinue use immediately and consult a physician.

WARNING: Individuals who are intoxicated, or have been diagnosed with high blood pressure, or other heart problems should not use steam showers without prior medical consent.
